Forecast for Monday 27 May 2024

Weather: Some bright spells in the morning but becoming cloudy with heavy showers and a risk of thunderstorms developing from late morning onwards. Slow-moving showers may give several hours of rain in one place. Becoming dry during the evening with perhaps some late brightness.

Chance of cloud-free hill tops above 800m: 60%. Low cloud amounts highly variable across the area.

Low cloud and visibility: Patchy low cloud and fog above 600m, falling to 300m in heavy showers with poor visibility at times. Clearer conditions arrive from the south during the evening.
